

Avata is a technical gateway enabling plug-and-play solutions designed to cover risk for both on-chain and off-chain digital assets in various environment from Web2 (gaming assets and digital keys), Web2.5 (tokenized real-world assets) and Web3 (NFT) use cases. All accessible through a simple API integration.

Connecting Insurance with Tokenized Real World Assets (RWAs)

Avata enables tailored insurances and warranty solutions for RWAs removing the burden of integrating with many partners. Our solutions facilitate protection & coverage for the underlying Real-World Asset. Since Avata is industry agnostic, the underlying insurance and warranty products will vary depending on the merchants' needs and the portfolio of products provided by the carrier, which can cover from theft, loss, repair / replacement, cancellation and more.

Insurance & Tokenized Asset Enhancement

Whether it is a Digital Product Passport (DPP), a digital Twin, or a Utility NFT, embedding coverage for theft, loss, repair, replacement, cancellation and more, adds tremendous value, including:

- **Ancillary Revenues** - revenue share per transaction
- **Improved Customer Loyalty** - payout in brand credit, drives customer retention
- **Circularity & Increased product lifetime** - repair & in-store servicing options
- **Enhanced Customer Experience** - with seamless policy issuing and claim filing

Peace of mind for RWA customers

Avata enables brands to offer embedded insurance solutions to their customers when purchasing an item. Should a theft occur, the claim process can easily be initiated with the Digital Twin, which, in the case of a successful claim, will translate to a seamless store credit to re-purchase the product (or an alternative one).

Avata is your partner to enable tokenized RWA coverage

These are some of the benefits of partnering with Avata to provide coverage for your products:

1 One Stop Shop

A single knowledgeable and tech-savvy integration partner to integrate a broad range of coverage for both the digital asset (token) and its underlying RWA, removing the burden of integrating with many partners.

2 A Tailored Approach

Avata operates with an agnostic approach, ensuring the distribution of tailored insurance and warranty products, adapted to any tokenized asset, supporting cross-border functionality

3 Compliant Solutions
